6) The BETA of LOCK Staking is only available to verified DFX users. Therefore, your KYC data needs to be transferred to LOCK

LOCK Staking MainNet

KYC Handover 📌

Transfer your KYC (Know-your-customer) data from DFX.swiss to LOCK and start staking right away.

An additional KYC Process can be avoided by transferring your KYC data from DFX SA to MN IT Services LLC (Entity operating LOCK Staking) to start staking at LOCK immediately.

For this, I hereby agree to the transfer of my personal data that I have provided to DFX SA, incorporated in Switzerland, during the onboarding process to NM IT Services LLC on St. Vincent and the Grenadines for the purposes of carrying out know your customer (KYC) and anti-money-laundering (AML) procedures. Lacknowledge that my personal data will be transferred to a country outside of the EU/Switzerland that is handling data protection differently which means that my rights might not be enforceable in such country. You can withdraw your consent at any time. Please note however, that the withdrawal of your consent does not affect the lawfulness of processing based on your consent before its withdrawal. For further information please see our Privacy Notice or contact us infolgicks.space .
